REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or suggest a kit having component parts capable of assembly relative to an osteochondral allograft and a condylar defect site, said kit comprising a coring reamer adapted to be guided by a pin inserted into the condylar defect site; and a coring bit which is guided by a second pin inserted into the allograft in substantial parallel alignment with the first pin, the cored allograft plug which has substantially the same orientation as the cavity in the condyle by virtue of the substantial parallel alignment of the first and second pins. This limitation, in combination with all of the limitations of claim 13, makes the claim allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
